## WHO WE ARE?

INDEPENDENT INNOVATION GEN.CONT. LLC (IIC) was established in 2004 by Mr. Eng. Jaber Al-Marri, Saudi National, and 100% Saudi-owned Company. One of the promising companies in the field of Equipment, Manpower, Materials Supply, Construction Project, Parking Project, Maintenance, Renovation, Trading, Road Marking in the Kingdom of Saudi Arabia.

IIC provides a very professional and flexible workforce support to assist every companies, establishments and individuals to fulfill their objectives by providing the best possible services at very cost-effective fee.

IIC principal business targeted towards Industrial Civil Construction, Scaffolding Erection & Installation, Mechanical Erection, Electrical Construction, General Maintenance, Equipment, Manpower Rental and Geomembrane & Geosynthetic Installation Services etc.

IIC provides the most recent technology and equipment enabling us to give our clientele the great possible service on-site.

The company has been established since 2004 with clients such as Saudi Aramco, SABIC, Maaden, Saudi Electricity and others.

IIC business strength that has been gained at the present time, is because of the professionally equipped and competent staff, who have a diverse experience and great knowledge of serving the customers to their satisfaction and it was further enhanced by the ingenious ideas of the management, who strive from time to time in creating awareness and maintaining the IIC to the current development of present world.

# Our Services

Heavy Equipment Rental

Transportation & Logistics

Skilled Manpower Supply

Industrial Construction  
Civil, Mechanical, Electrical

Industrial Material Supply

Plant Maintenance and  
Shutdown Works

IT Solutions

Hydraulic and  
Industrial Hose

**Ansaf Ali**  
CEO

## Message

"To endure a fundamental company in the meticulous view of the industry in 15 years and long way off.

Independent Innovation Gen. Cont. LLC will continuously construct great new value by consistently preserving of what substantiate the worth for its clients and employees."

"Setting high standards requires in empowering the vision and mission for shaping or nurturing the best quality of work.

A new mind-set for upbringing better and possible great service to flatter the demand of the client for their immense gratification.

IIC is venerable and will continuously grow to provide the needs of the industry."

# Vision

## Be Reliable

Be consistent in providing great performance in the world-wide construction industry.

## Be Fast

Giving the best services with immediate response to fulfill client's needs with utmost care.

## Be Global

Be global market leader by providing technology advancement and professional workforce to give the great end to end solutions and extreme possible service on-site

# H.S.E. Rules

- IIC is committed to its main principle to assure the safety, healthy and pleasant working environment for its employees.
- IIC provide mandatory ( PPE ) Personal Protective Equipment to its employees in compliance to standard requirements of our clients.
- IIC assure of safety and healthy working environment by providing adequate information for safety procedures and proper training to avoid future accident and implement policies as basis to the investigation for such accident occurred or unavoidable circumstances.

# Mission

To operate in the mainstream and demonstrate proficiency and excellent in the industry by providing great service and ensuring a successful outcome to all clients, suppliers and employees.

# Values

IIC is a team of world class professionals. Our values define on a structure of Trust, Integrity and Safety. We embrace challenges that us vigorous with stability, determination, and creativity as we establish our own identity to be the best choice to all clients.

# Quality Policy

Independent Innovation Gen. Cont. LLC. ( IIC ) provides quality management, appropriate co-ordination, immediate response to clients need and on time delivery. IIC developed proficiency since it was established and aspiration to achieve a high standard in the field of construction for supplies of Equipment, Manpower, Materials and services for Fabrication and Projects to all customers.

IIC policy is to provide the customer with great services to the agreed contract and requirement in accordance with the accurate details and prices. IIC Management and Staff are responsible for Quality Control seeking enhancement by consistent analysis with sub-contractors and suppliers being persuaded to collaborate.

IIC is committed to accomplishing 100 % customer satisfaction and 100 % of the time by the use of quality procedures with best in class solutions and servicing to meet or exceed the requirements of ISO 9001.

# Heavy Equipment Rentals

IIC offers all types of Heavy Equipment Rental is part of our business core and the main purpose is to provide high technology equipment at reasonable price.

WATER PROOFING

BUILDING RENOVATION

PIPE LINES CONNECTIONS

DEEP EXCAVATIONS

STEEL STORES

DOOR REPAIR

ASPHALTING

CONCRETE FOUNDATIONS FOR PIPELINES

SUNSHADES

BUILDING FIRE INSULATION

# Industrial Constructions

## Civil Construction

- Excavation, Backfilling and dewatering works
- Fencing and reinforced concrete jobs
- Construction of all kinds of roads

## Mechanical Construction

- Pre-fabrication and installation of steel structures
- Installation of piping, tanks and silos
- Demolition works
- Installation of stationary and rotating equipment

## Electrical Construction

- Laying high- and Low-tension cables through both underground and above ground facilities
- Installation of panel boards and other electrical equipment
- Termination of cables including splicing and gliding

# Industrial Material Supply

IIC offers an extensive range of material support to Petrochemical and Oil & Gas Industries. All materials are passed based on technical specification and approved by IIC major clients such as Aramco, SABIC, Saudi Electricity, Royal Commission for Jubail and Yanbu and others. IIC pleasure to furnish the supplied materials at high quality to assist our customer for the long-term usage of the materials at very reasonable cost. Our services are appropriately executed and conscientiously handled which help our customers / clients to accomplish their projects within the given time frame.

IIC aspiration to deliver and provide our excellent service for client fulfillment. Our scope of supply includes but not limited to carbon and stainless steel, pipes, valves, flanges, fittings, expansion joints, gaskets, nuts and bolts.

# Shutdown And Maintenance Division Services

## REACTOR SERVICES

- Loading and Unloading of all types of Catalyst under Normal and Inert Atmosphere.
- Screening and dedusting of all types of Catalyst.
- Dense Loading by Licensed dense loading technologies.
- Bed Replacements, Mechanical work, and internal repair.
- Tubular reactor catalyst replacement and Pressure Measurements.
- Video Inspection with recording.
- Nitrogen Purging and cooling of reactors.

## Hydro Jetting

- Heat exchanger tube & Bundle cleaning.
- Vessel and Column cleaning
- Pipeline cleaning and hydro milling services.
- Jetting under a toxic/inert atmosphere
- Flex lancing & Rigid lancing
- Hydro Jetting through Multi lancing technology.
- Tank Cleaning and maintenance.
- Video Inspection with recording.

## Mechanical Services

- Bundle Extraction of heat exchangers.
- Removal and installation of all types of column internals.
- Hydraulic Bolt Torquing and tensioning.
- Hydro Testing of equipment and pipelines.
- Blinding and De-blinding of reactors, vessels and columns.

# Safety Material Supply

we assure that you are getting the right safety product for the right job.

# Electrical And Instrument Material Supply

The product range we supply are proven for quality and durability as per the highest norms laid out by world-class customers like Saudi Aramco, SABIC, Marafiq, SCECO, MAADEN, SADARA and others.

# Building Material Supply And Tools

we will provide a quality building construction product on your next project.

# Scaffolding Material Supply

We provide wide range of scaffolding accessories and parts that are designed to be compatible with many scaffolding and formwork systems across various constructions around Saudi Arabia

# Industrial Material Supply

IIC supplied materials are approved by all major end consumers such as Saudi Aramco, SABIC, Marafiq, SCECO, MAADEN, SADARA and others.

IIC offering the highest quality materials that help all our customers to increase the vitality of the materials and also be cost sufficient.

IIC services are executed and offered with diligence and as a result to assisting all our clients to bring the project completion within the time frame

IIC aim to have all the costumers needs situated under one umbrella and provide excellence and reliability in regards to providing materials services

# Hydraulic and Industrial Hose

IIC is a leading supplier of various types of hose fitting, couplings, adaptors and flanges of carbon steel, stainless steel and brass material in accordance to SAE, JIIC, BSP, Metric and European DIN standards. In addition to these, we assemble and supply various kinds of hose such as industrial hose, chemical hose, stainless steel flexible metal hose and utility hose. Our hose assembly includes stainless steel flanges and fittings.

IIC have complete facilities, equipment and machines such as CNC, crimping, cutting, skiving and grinding. Our workshop is fully equipped to facilitate the production line. Upon each end product is finalized, IIC provides a full pressure test before leaves the manufacturing bench.

# Products and Services Offered Hose

- Oil field hose and couplings
- Hydraulic hose and couplings
- Industrial hose and couplings

# Information Technology Services

- Custom Application Development and Support
- Business Intelligence and Advanced Analytics
- Application Modernization
- IT Consulting
- Portal Development
- Product Development
- Application Migration
- Testing Services
- IT Staff Augmentation

# I.T. Solutions

IIC develop IT products and provide services in Application lifecycle management, Product Lifecycle management, E-commerce, Social media applications, Business intelligence & Analytics and Cloud-based services.

IIC understand that IT applications and functions have an enormous impact on the success and strategic growth of any businesses. IIC underlying principle is to keep evaluating latest technology business needs. Being Microsoft partners, we recommend IT solutions on Microsoft Platform which are robust, scalable and adaptable

IIC have dedicated team working on high end skills on Microsoft technology spectrum like Dynamics CRM, BI, SharePoint and much more with our value-added service we try to ensure that organizations achieve the return investment for even the smallest technology decision.

# I.T. Services

- GPS Tracking System
- Proximity Warning and Alert System (PWAS)
- Patient Management System
- Supply Chain Management System
- Classified Portal
- Social Networking Portal
- E-Commerce Site
- Oil and Gas

# IIC Support Services Personnel

- Engineering
- Q/A and Q/C Inspector
- Health and Safety Environment Officer
- Certified Pipe ( Welders and Fitters )
- Piping Foreman
- Civil Foreman
- Riggers ( Level I, II, III ) Aramco Certified
- Skilled Workers and Unskilled Workers

## Tracking System

IIC transport fleet and equipment are professionally equipped with technological advancement through the usage of modernistic GPS (Global Positioning System).

The system efficiency tracking stability ensures of continuously giving exact and appropriate location of each equipment that makes our record or documents for schedules updated thru this exclusive system.

## Safety Slogan

- Safety is our Priority
- Safety Rules are the best tools
- SAFETY: Think, Talk and Act.
- Today + Safety = Tomorrow
- Safety: Use your brain and avoid the pain

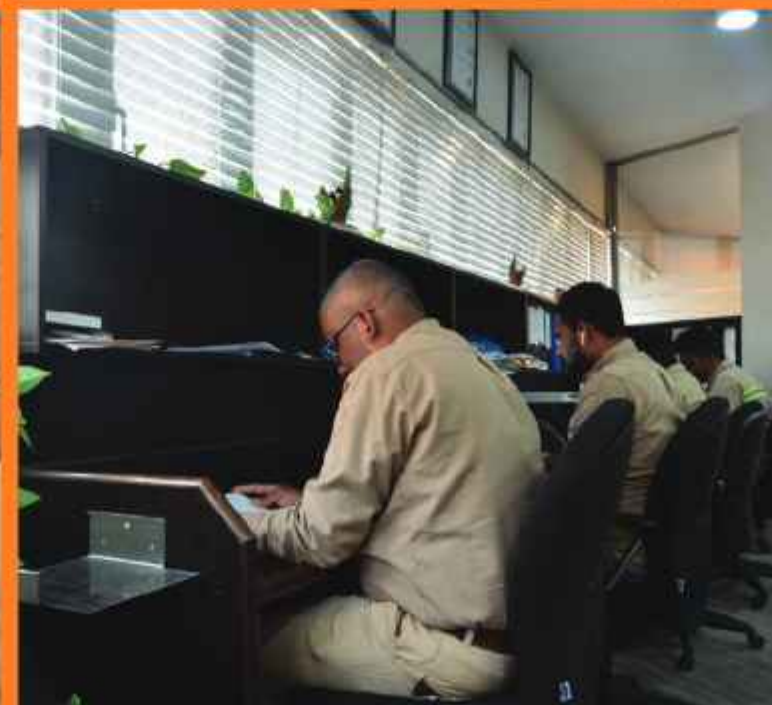

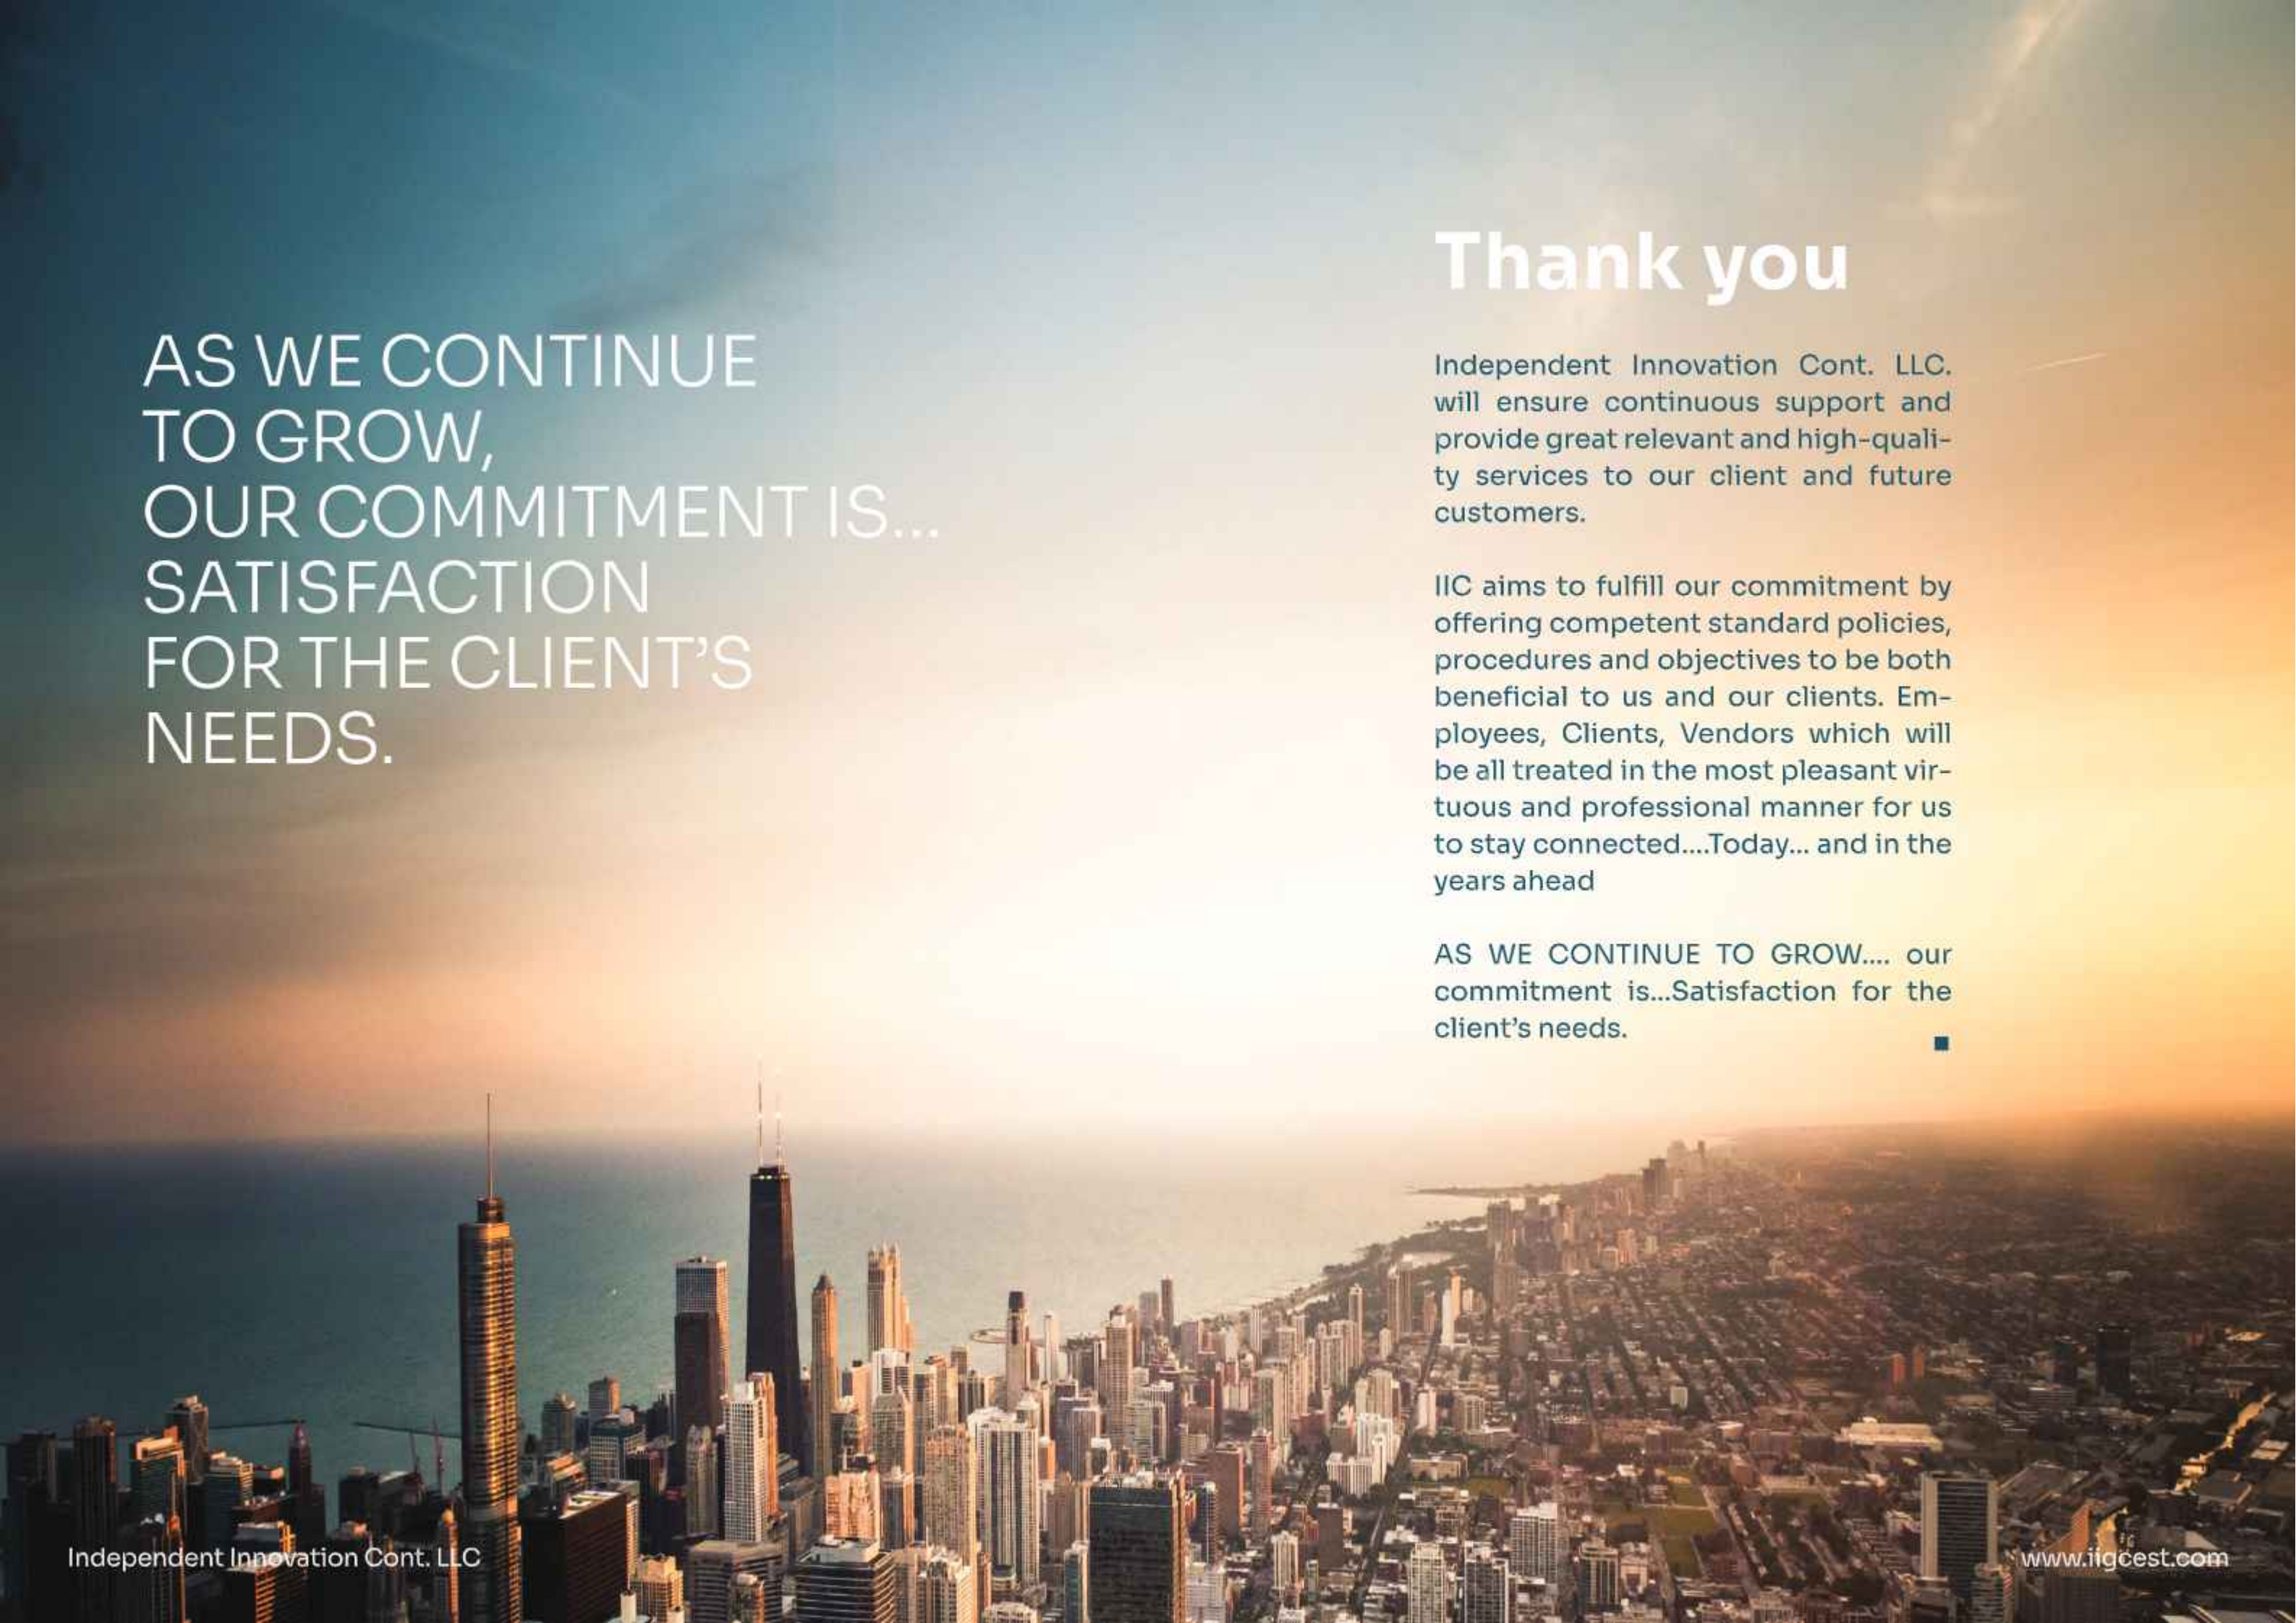

## Approved Vendors

An aerial photograph of the Chicago skyline at sunset. The sun is low on the horizon, casting a warm, golden glow over the city. The Willis Tower and other skyscrapers are prominent on the left, while the city grid extends towards the right. The sky transitions from a deep blue on the left to a bright orange and yellow on the right.

AS WE CONTINUE  
TO GROW,  
OUR COMMITMENT IS...  
SATISFACTION  
FOR THE CLIENT'S
